PART C CLAUSES

PART C
CONTRACT CLAUSES, SPECIAL PROVISIONS AND ADDENDUM

C.1 52.212-4 -- Contract Terms and Conditions - Commercial Items, (Oct. 2003)

In accordance with FAR 12.302, Tailoring of Provisions and Clauses for the Acquisition of Commercial Items, FAR Clause 52.212-4 is tailored as follows to reflect special contract terms and conditions that are unique for this contract. This tailored clause supersedes the version of FAR Clause 52.212-4.

(a) Inspection/Acceptance. Supplies or services delivered under this contract shall be inspected and accepted by the Contracting Officer's Representative (COR) or a representative designated in the individual orders. The contractor shall only tender for acceptance those items that conform to the requirements of this contract. The Government reserves the right to inspect or test any supplies or services that have been tendered for acceptance. The Government may require repair or replacement of nonconforming supplies or re-performance of nonconforming services at no increase in contract price. Additional inspection and acceptance requirements may be specified in individual orders. The Government must exercise its post-acceptance rights --

1. Within a reasonable time after the defect was discovered or should have been discovered; and
2. Before any substantial change occurs in the condition of the item, unless the change is due to the defect in the item.

(b) Assignment. When the contractor submits a request for payment, DFAS will compare the request for payment of CLIN/SLINs with the order CLIN/SLINs. (k) Contract Authority

1. Contracting Officer’s Authority. The Contracting Officer is the only person authorized to direct changes in any of the requirements under this contract, and, notwithstanding any provisions contained elsewhere in this contract, said authority remains solely in the Contracting Officer. In the event the contractor effects any such change at the direction of any person other than the Contracting Officer, the change will be considered to have been made without authority and solely at the risk of the contractor.

2. Ordering Contracting Officers within the Army, Department of Defense, and other Federal agencies are authorized to place orders within the terms of this contract and within the extent of their authority. They are not authorized to make changes to the contract terms. The Ordering Contracting Officers’ authority is limited to the individual orders.

3. Contractor’s Authority.

The following individuals will be the Government points of contact during the performance of the contract:

1. Contracting Officer (KO). All contract administration will be effected by the Contracting Officer. Communications pertaining to contractual administrative matters shall be addressed to the KO. No changes in or deviation from the terms and conditions shall be effected without a written modification to the contract executed by the KO authorizing such changes.

CORs may provide technical guidance in direction of the work, but they will not be authorized to change any of the terms and conditions of the contract or order. Order CORs will be designated by a letter of appointment from the Ordering Contracting Officer.

(m) Government-wide Purchase Card. The following describes the procedures to be used for ordering items under this contract by using the Federal Government-wide purchase card. The Government reserves the right to unilaterally terminate the use of the credit card at any time.

1. All ordering offices may use the Government-wide purchase card, commonly referred to as the Government "credit card," as an alternative method of ordering and paying for purchases made under this contract. Purchase card orders are subject to all terms and conditions of this contract, unless otherwise stated in this provision or another provision in this contract.

2. The purchase card is specifically designed for use by the Federal Government. The purchase card is like a typical commercial credit card. With respect to ordering authority, any authorized user of this contract who is an appointed, recognized Government-wide Purchase Card holder may use the purchase card as a means of purchasing items on this contract. For purchase card orders only, this waives the requirement for use of other forms that comply with FAR 12.204. All appointed, recognized Government-wide Purchase Card holders are subject to and responsible for complying with all the rules, regulations, and limits that come with his/her purchase card.

3. Credit limits for the purchase card are dictated by each using activity major command. These credit limits for the purchase card are the responsibility of the credit card holder and the approving office.

4. The contractor shall accept firm-fixed-price credit card orders under the contract made by use of an authorized purchase card.

5. For purchase card orders only, the warranty begins on the day the order is shipped.

(n) Warranty.

1. The focal point for all warranty support shall be the contractor.

2. Software Warranty. Under the basic warranty, the responsibility of the contractor is as follows. As software updates/upgrades (e.g. bug fixes, new features, enhancements, etc.) become available to commercial customers, the contractor shall provide to the Government one copy of the changed software (with documentation) for each affected software item previously accepted by the Government. The software changes covered by the warranty are further defined as any software products and documentation which are provided for any other customer free of charge or which the software manufacturer does not consider a new product. Such changes to software or documentation (including packaging and shipping) shall be at no additional cost to the Government.

3. Warranty Coverage Period. The warranty period will commence upon date of delivery to the Government. The warranty period shall commence upon the receipt of equipment at the original Government delivery site for worldwide shipments. User receipt of an item that is inoperable upon delivery shall be resolved in accordance with the warranty provisions of the contract.

(o) Security Requirement

1. Although it is unknown exactly how many persons will be required to have any and all levels of security clearance, the Government may require security clearances, perhaps higher than top secret (top secret specialized compartmentalized information), for performance of any order under this contract. A general DD Form 254 is provided as Attachment D.4. A specific DD Form 254 will be incorporated for individual orders, as required.

2. The Contractor shall provide sufficient personnel with the required security clearances to perform the work as specified in individual orders. The personnel shall be cleared personnel in accordance with the clause entitled Security Requirements. If satisfactory security arrangements cannot be made with the contractor, the required services shall be obtained from other sources.

3. The level of classified access required shall be indicated in the individual order.

4. The contractor shall bear the cost of any security clearances required for order performance.

(p) Commercial Software Licenses

1. Commercial software and software documentation delivered under this contract shall be subject to the terms of this clause and the governing commercial product license, to the extent the latter is consistent with Federal law and FAR 12.212. Notwithstanding the foregoing, the commercial product license shall apply only if a copy of the license is provided with the delivered product. In the event of conflict between this clause and the commercial software product license, this clause shall govern.

2. All software shall, as a minimum, be licensed and priced for use on a single computer or for use on any computer at a particular site.

3. The license shall be in the name of the U. S. Government.

4. The license shall be perpetual (also referred to as a nonexclusive, paid-up, world-wide license).

6. The license shall apply to any software changes or new releases.

(q) DoD Enterprise Software Initiative (ESI)

In situations where the purchase of new commercial software, including preloaded software, is needed to satisfy the requirements of a particular order, the contractor shall facilitate maximum use of DoD Enterprise Software Initiative (ESI) and SmartBUY sources. The contractor shall utilize software from the ESI sources, as ordered. The contractor is responsible for reviewing available ESI sources. If use of software from ESI sources is not specified initially in an order, the contractor shall coordinate with the ordering activity prior to using another source. If ordered by the Government, the contractor is authorized to order from DoD sources for obtaining the software to satisfy the requirement. Alternatively, the contractor may be required to utilize software provided from the ESI sources as Government furnished software. If the contractor is not ordered to use ESI sources in the initial order or after coordination, it need not provide the software from an ESI source. The listing of COTS software available from DoD ESI sources can be viewed on the web at

d. Non-compliant and out-of-scope items shall be otherwise eliminated from revised catalogs for ordering purposes and shall not be purchasable under the contract.

e. Ordering for non-compliant and out-of-scope items shall be temporarily removed and suspended within 24 hours of challenge by the Contracting Officer.

4. The Government reserves the right to suspend ordering under the contract for reoccurring violations of the terms of the agreement in paragraph 3, above. The right of suspension is in addition to and not in substitution of any other rights of the Government under the contract.

5. Upon the written request of the contractor proposing a catalog change that adds or deletes items, the contract shall be modified to reflect the change, subject to the following conditions:

a. The request must notify the Contracting Officer of the effective date of a catalog change that adds items.

b. The addition shall be effective on the effective date of the catalog change if the addition has been published in the web-based ordering mechanism for the contract by that date; or, if the addition is published in the web-based ordering mechanism later, on the date of publication.

6. The written request shall provide the following:

a. The request shall indicate that the proposed catalog change is submitted under the authority of this subpart.

b. The request shall identify the Catalog CLIN to which a proposed catalog change is related.
